BYLAW NO. 3-1977

A BYLAW RELATING TO THE ESTABLISHING AND REGULATING OF A WATER SYSTEM AND A SEPTIC SEWERAGE SYSTEM IN THE CRYSTAL LAKE SUMMER RESORT.

The Council of the Rural Municipality of Keys No. 303, of the Province of Saskatchewan enacts as follows:

1. The Council of the Rural Municipality of Keys No. 303, shall provide and control a well or wells for a municipal water system.
2. Water that is intended or may be used for human consumption shall only be from a source provided by the Rural Municipality, or other sources approved by the Department of Public Health and shall be treated in such a way as the Medical Health Officer or Public Health Inspector may from time to time prescribe.
3. The Council of the Rural Municipality shall have control of water and sewerage system installation. Any renovations or extensions to be made to the water system shall only be done after written approval has been given by the Council and approved by the Department of Public Health.
4. No person shall dispose of any liquid wastes or excrement in the resort area, except into an approved watertight pump-out tank.
5. The provision of required watertight pump-out tanks is the responsibility of the owner of the cabin property to be served.
6. Required pump-out tanks shall: <sup>Feb</sup> (a) Conform to C.S.A. Standard B-66-1975, for prefabricated septic tanks and sewage holding tanks. <sup>Feb</sup>  
<sup>Feb</sup> (a) ~~Be built of concrete, fibre glass (C.S.A. approved) or metal no less than 12 gauge.~~  
(b) Have an inside working capacity not less than the greater of 1000 gallons or 15 days discharge from the premises.  
(c) Be equipped with a pump-out opening easily accessible, and  
<sup>Feb</sup> (d) ~~equipped with an access manhole having a minimum dimension of 18 inches.~~
7. Plumbing installations shall be in accordance with the Provincial Regulations governing Plumbing and Drainage.
8. The owner of recreational and/or organized camp premises at the said resort, shall provide adequate and approved pump-out tanks for the reception of liquid wastes and excrement. Such tanks shall be of a size not less than 2500 gallons. (Recreational premises means the occupant, lessee or tenant or the person otherwise in charge of any commercial dwelling or public beach area. Organized camp means the occupant, lessee or tenant or the person otherwise in charge of any dwellings and land sites that are permanent for camping purposes.)
9. The contents of required watertight pump-out tanks shall be removed with sufficient frequency as to preclude creation of a nuisance and as to prevent overflow. The removal of the contents shall be carried out only by properly licensed operators and be deposited only at a site approved by the Department of Public Health.
